

# VRT998B

## Rear Transition Loop-Back and Break-Out Panel for 6U VPX Modules

VRT998B

**vadatech**  
THE POWER OF VISION

## Key Features

- 6U VPX RTM Module
- Loop-Back and Break-Out panel for a 6U VPX

## Benefits

- Design utilizes proven VadaTech subcomponents and engineering techniques
- Electrical, mechanical, software, and system-level expertise in house
- Full system supply from industry leader
- AS9100 and ISO9001 certified company

**OpenVPX™**

# VRT998B

The VRT998B is a loop-back and break-out panel for a 6U VPX Rear Transition Module (RTM).

The VRT998B could be used for testing/validation of the high speed SERDES for a 6U VPX modules. The VRT998B via zero-ohm resistors routes the P1/P2 /P4/P5 and P6 of the front module high speed SERDES TX+/- to its RX+/- . Total of 96 loop-back which covers all the 96 SERDES (TX/RX) of the front module. The zero ohms resistors could be removed to reduce the number of lanes.

The RTM brings out the JTAG as well as the two VPX P0 clocks into a Twinax connector. In addition, the RTM brings out the NVROM/\*SYSREST/\*SYSCON to the rear panel for ease of access. The VPX geographic address could be set by an on-board switch to a unique address.

The VRT998B has high speed VPX connector for test/validation of 25G SERDES.

# Specifications

<b>Architecture</b>	
<b>Physical</b>	<b>Dimensions</b> 6U
<b>Type</b>	<b>Breakout Panel</b>
<b>Standards</b>	
<b>VPX</b>	<b>Type</b> VITA46.x
<b>VPX</b>	<b>Type</b> VITA 65 OpenVPX
<b>VPX</b>	<b>Panel Profile</b> See <a href="#">Ordering Options</a>
<b>Configuration</b>	
<b>Power</b>	N/A
<b>Rear Panel</b>	<b>Interface Connector</b> Toggle switches JTAG
<b>Other</b>	
<b>MTBF</b>	MIL Hand book 217-F@ TBD hrs
<b>Certifications</b>	Designed to meet FCC, CE and UL certifications, where applicable
<b>Standards</b>	VadaTech is certified to both the ISO9001:2015 and AS9100D standards
<b>Warranty</b>	Two (2) years, see <a href="#">VadaTech Terms and Conditions</a>

## INTEGRATION SERVICES AND APPLICATION-READY PLATFORMS

VadaTech has a full ecosystem of ATCA and MTCA products including chassis platforms, shelf managers, AMC modules, Switch and Payload Boards, Rear Transition Modules (RTMs), Power Modules, and more. The company also offers integration services as well as pre-configured Application-Ready Platforms. Please contact VadaTech Sales for more information.

# Choose VadaTech

## We are technology leaders

- First-to-market silicon
- Constant innovation
- Open systems expertise

## We commit to our customers

- Partnerships power innovation
- Collaborative approach
- Mutual success

## We deliver complexity

- Complete signal chain
- System management
- Configurable solutions

## We manufacture in-house

- Agile production
- Accelerated deployment
- AS9100 accredited
