AMC314
Zynq UltraScale+ FPGA Video Streaming with USB 2.0, AMC

Key Features
- Xilinx UltraScale+ XCZU7EV FPGA
- Double module, full-size
- Rear Transition Module (RTM) per uTCA.4
- 4x Video Stream from the RTM
- Dual USB 2.0 from the RTM to FPGA
- Quad USB 2.0 as pass thru to front panel
- 8 GB of 64-bit wide DDR4 Memory (single bank) with ECC to PS Side
- Dual 4 GB 32-bit wide DDR4 to the PL Side
- SD Card
- 128 MB of boot Flash

Benefits
- Zynq UltraScale+ MPSoC
- Electrical, mechanical, software, and system-level expertise in house
- Full system supply from industry leader
- AS9100 and ISO9001 certified company
AMC314

The AMC314 is an AMC FPGA module with Zynq UltraScale+ EV part. The AMC is compliant to AMC.1, AMC.2, AMC.3 and AMC.4 specifications. It is based on Xilinx UltraScale+ XCZU7EV MPSoC FPGA with an RTM (such as the MRT314A).

The Module has a single bank of 8GB of DDR-4 64-bit wide with ECC to the PS and in addition dual bank of x32 DDR-4 to the PL for a total of 8GB.

The RTM may provide up to four Video streaming and dual USB ports to the FPGA.

The module brings out as pass thru 4 x USB2.0 to the front.

## INTEGRATION SERVICES AND APPLICATION-READY PLATFORMS

VadaTech has a full ecosystem of OpenVPX, ATCA and MTCA products including chassis platforms, shelf managers, AMC modules, Switch and Payload Boards, Rear Transition Modules (RTMs), Power Modules, and more. The company also offers integration services as well as pre-configured Application-Ready Platforms. Please contact VadaTech Sales for more information.

Notes: **Conduction cooled; temperature is at edge of module. Consult factory for availability.
For operational reasons VadaTech reserves the right to supply a higher speed FPGA device than specified on any particular order/delivery at no additional cost, unless the customer has entered into a Revision Lock agreement with respect to this product.

Choose VadaTech

We are technology leaders
• First-to-market silicon
• Constant innovation
• Open systems expertise

We commit to our customers
• Partnerships power innovation
• Collaborative approach
• Mutual success

We deliver complexity
• Complete signal chain
• System management
• Configurable solutions

We manufacture in-house
• Agile production
• Accelerated deployment
• AS9100 accredited
