

DA778

JSM JTAG Adapter Cable

DA778 is a JTAG adapter cable that enables standard JTAG cables to be used with VadaTech JTAG Switch Module (JSM) or JSM-enabled products. The adapter breaks out the VadaTech proprietary JSM connector to a Xilinx or Altera/Intel FPGA JTAG header. It also includes a CFG DIP switch for use when the VadaTech JSM-enabled product does not have a CFG toggle switch on the front panel.

Ordering Options

DA778 – A00-000-000

A = Cable Quantity

0 = One Cable
1 = Five Cables
2 = Ten Cables

Choose VadaTech

We are technology leaders

- First-to-market silicon
- Constant innovation
- Open systems expertise

We commit to our customers

- Partnerships power innovation
- Collaborative approach
- Mutual success

We deliver complexity

- Complete signal chain
- System management
- Configurable solutions

We manufacture in-house

- Agile production
- Accelerated deployment
- AS9100 accredited
