

VT987

19" Rack mountable, 11-port Serial Expansion Breakout

VT987

Key Features

- 11 serial port expansion through DB25 connectors
- 19" rack mountable
- RX/TX activity, port clock valid, and other status LEDs

Benefits

- Seamless integration with VadaTech PCI325 module
- Full system supply from industry leader
- AS9100 and ISO9001 certified company

vadatech
THE POWER OF VISION

VT987

The VT987 is a 19" rack mountable multiport serial expansion module.

The module takes multiport serial input through dual High Density Connectors and provides the output through eleven DB25 connectors.

The eleven ports are provided as four bi-directional ternary ports (J1-J4), four bi-directional binary ports (J5-J8), and three output-only binary ports (J9-J11).

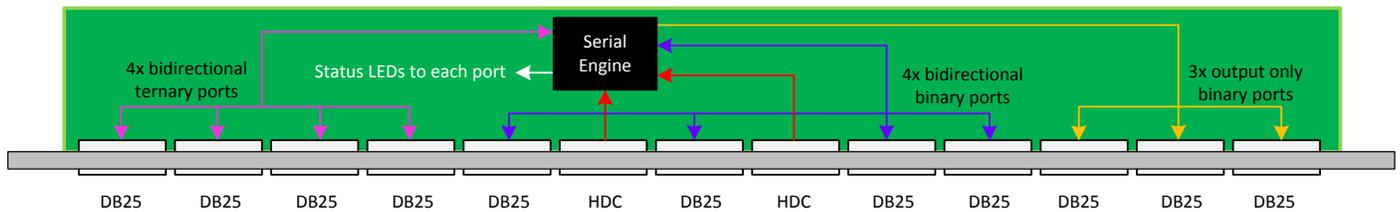

A ternary port is made up of a clock and three data pairs in each direction. A binary port is made up of a clock and single data pair in each direction. Baud rates up to 2Mbps are supported on binary ports.

The module front panel includes port RX/TX activity, port clock valid, and other status LED indicators.

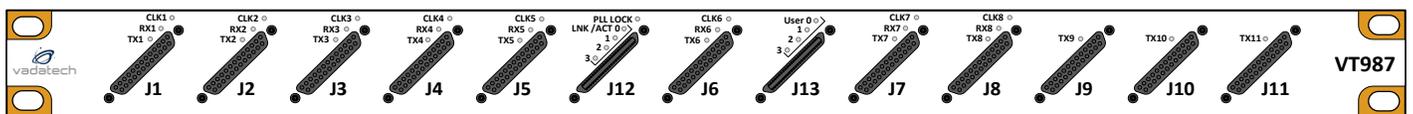

The VT987 can be used with modules such as the VadaTech PCI325.

Specifications

Architecture		
Physical	Dimensions	Height: 1U
		Width: 19"
		Depth: 2"
Type	Expansion	Serial port breakout box
Standards		
	Type	Rack mount break out module
Configuration		
Power	VT987	2W
Environmental	Temperature	Operating temperature: -5° to 45° C (55°C for limited time, performance restrictions may apply), industrial versions also available (See environmental spec sheet)
		Storage Temperature: -40° to +85°C
	Vibration	Operating 9.8 m/s ² (1G), 5 to 500Hz on each axis
		Shock
	Relative Humidity	5 to 95 per cent, non-condensing
Front Panel	Interface Connectors	11x DB25 Connectors for serial port expansion
		2x High density connectors
	LEDs	Status LEDs for each port
Software Support	Operating System	N/A
Conformal Coating		Humiseal 1A33 Polyurethane (Optional)
		Humiseal 1B31 Acrylic (Optional)
Other		
MTBF		MIL Hand book 217-F@ TBD hrs
Certifications		Designed to meet FCC, CE and UL certifications, where applicable
Standards		VadaTech is certified to both the ISO9001:2000 and AS9100B:2004 standards
Warranty		Two (2) years

INTEGRATION SERVICES AND APPLICATION-READY PLATFORMS

VadaTech has a full ecosystem of ATCA and μ TCA products including chassis platforms, shelf managers, AMC modules, Switch and Payload Boards, Rear Transition Modules (RTM), Power Modules, and more. The company also offers integration services as well as pre-configured Application-Ready Platforms. Please contact VadaTech Sales for more information.

Choose VadaTech

We are technology leaders

- First-to-market silicon
- Constant innovation
- Open systems expertise

We commit to our customers

- Partnerships power innovation
- Collaborative approach
- Mutual success

We deliver complexity

- Complete signal chain
- System management
- Configurable solutions

We manufacture in-house

- Agile production
- Accelerated deployment
- AS9100 accredited
